

Vize nové mobility

A woman in a bright yellow sleeveless top and white pants stands in a wide, paved plaza. She has her arms outstretched to the sides. In the background, there is a large, modern building with a curved glass facade on the left and a tall, slender skyscraper with a pointed top in the center. The sky is blue with some clouds. Other people are visible in the distance.

Co na to
automobilky?

An aerial, high-angle photograph of a vast parking lot filled with hundreds of cars, mostly white and dark grey, arranged in neat, parallel rows. The perspective is from a high vantage point, looking down and slightly across the rows, creating a strong sense of depth and repetition. The cars are densely packed, extending far into the background where they become smaller and less distinct.
